Bidder shall indicate the name and the geographical location of the nearest authorized dealer to perform subsequent warranty service. This information shall be stated in the pricing section of bid or otherwise specified.

**13. Local Content Vendor Purchasing Provisions:**

Under Dane County's purchasing ordinance, bidders offering goods made in Dane County, its surrounding counties, or the State of Wisconsin receive a price preference on sealed bid solicitations. Bids are first evaluated to determine if any bidders are offering products that qualify as Dane County-Made Goods, Regionally-Made Goods, or Wisconsin-Made Goods.

A bidder offering Dane County-Made Goods will be considered the successful bidder if their price is up to 15% higher than the low bid for goods that are not Dane County-Made Goods. If no

vendors meet this criteria, then the county will determine if any bidder is offering Regionally-Made Goods. If so, then such a bidder will be considered successful if their price is up to 12.5% higher than the low bid for goods that are not Regionally-Made Goods. If no vendors meet this criteria, then the county will determine if any bidder is offering Wisconsin-Made Goods. If so, the such bidder will be considered successful if their price is up to 10% higher than the low bid for goods that are not Wisconsin-Made Goods. If no vendors are offering Dane County-Made, Regionally-Made, or Wisconsin-Made Goods, then the county will evaluate the low bid without regard to the content of the goods.

Bidders who are offering Dane County-Made Goods, Regionally-Made Goods, or Wisconsin-Made Goods should indicate this status on the affidavit form included in this bid package.

#### **14. Local Vendor Purchasing Provisions:**

Under Dane County Ordinance, a vendor headquartered in Dane County or the surrounding counties or a vendor with a location in Dane County or the surrounding counties may be invited to match the low bid if the low bid is offered by a vendor located outside the area.

There are three vendors to which this ordinance applies: a Regionally-Based Vendor, a vendor with a location in Dane County, and a vendor with a location in one of the seven counties adjacent to Dane County.

Under the ordinance, a Regionally-Based Vendor means a supplier or provider of equipment, materials, supplies, or services whose business or corporate headquarters is physically located in Dane County or the seven counties adjacent to Dane County (Columbia, Dodge, Green, Iowa, Jefferson, Rock, or Sauk) and whose owners or shareholders totaling more than 50% of ownership live in Dane County or the aforementioned contiguous counties; and the business is registered and authorized to do business in the State of Wisconsin.

Under the ordinance, a Local Vendor means a supplier or provider of equipment, materials, supplies, or services which has an established place of business within the County of Dane and is registered and authorized to do business in the State of Wisconsin. An established place of business means a physical office, plant or other facility. A post office box address does not qualify a vendor as a Local Vendor.

When bids are reviewed, the county will determine if a Regionally-Based Vendor responding to the bid is the low bidder or within 15% of the low bid. In the event that the price offered by a Regionally-Based Vendor is within 15% of the low bid, the county will contact the Regionally-Based Vendor and provide that vendor the option of matching the low bid price.

If no Regionally-Based Vendors are among the responding bidders, or the Regionally-Based Vendor declines to match the low bid, then the county will determine if a Local Vendor is within 10% of the low bid. If so, then the county will contact the Local Vendor and provide that vendor the option of matching the low bid price.

If no Local Vendors are among the responding bidders, or the Local Vendor declines to match the low bid, then the county will determine if a non-Local Vendor with a location within the seven counties surrounding Dane County is within 5% of the low bid. If so, then the county will contact that non-Local Vendor and provide that vendor the option of matching the low bid price.

If there are no non-Local Vendors with a location within the seven counties surrounding Dane County, or, if all non-Local Vendors with a location within the seven counties surrounding Dane County decline to match the low bid, then the county will award the bid to the low bidder without regard to the location of the vendor.

Bidders should indicate their status as a Regionally-Based Vendor, a Local Vendor, or a non-Local Vendor within the seven counties surrounding Dane County on the affidavit form included in this bid package.

**15. Dane County Sustainability Principles:**

On October 18, 2012, the Dane County Board of Supervisors adopted Resolution 103, 2012-2013 establishing the following sustainability principles for the county:

- Reduce and eventually eliminate Dane County government's contribution to fossil fuel dependence and to wasteful use of scarce metals and minerals;
- Reduce and eventually eliminate Dane County government's contribution to dependence upon persistent chemicals and wasteful use of synthetic substances;
- Reduce and eventually eliminate Dane County government's contribution to encroachment upon nature and harm to life-sustaining ecosystems (e.g., land, water, wildlife, forest, soil, ecosystems); and
- Reduce and eventually eliminate Dane County government's contribution to conditions that undermine people's ability to meet their basic human needs.

Invoices presented for payment must be submitted in accordance with instructions contained on the purchase order.

11.1 **NO WAIVER OF DEFAULT:** In no event shall the making of any payment or acceptance of any service or product required by this Agreement constitute or be construed as a waiver by County of any breach of the covenants of the Agreement or a waiver of any default of the successful vendor, and the making of any such payment or acceptance of any such service or product by County while any such default or breach shall exist shall in no way impair or prejudice the right of County with respect to recovery of damages or other remedy as a result of such breach or default.

Vendors performing construction activities are required to pay state use tax on the cost of materials.

#### 20.2.4. Workers' Compensation.

In case of any sublet of work under this Agreement, PROVIDER shall furnish evidence that each and every subcontractor has in force and effect insurance policies providing coverage identical to that required of PROVIDER. In case of any sublet of work under this Agreement, PROVIDER shall furnish evidence that each and every subcontractor has in force and effect insurance policies providing coverage identical to that required of PROVIDER.

20.4. The parties do hereby expressly agree that COUNTY, acting at its sole option and through its Risk Manager, may waive any and all requirements contained in this Agreement, such waiver to be in writing only. Such waiver may include or be limited to a reduction in the amount of coverage required above. The extent of waiver shall be determined solely by COUNTY's Risk Manager taking into account the nature of the work and other factors relevant to COUNTY's exposure, if any, under this Agreement.

21.0 CANCELLATION: County reserves the right to terminate any Agreement due to non-appropriation of funds or failure of performance by the vendor. The entire burden of maintaining and defending the trade secret designation shall be upon the vendor. The vendor acknowledges and agrees that if the vendor shall fail, in a timely manner, to initiate legal action to defend the trade secret

designation or be unsuccessful in its defense of that designation, County shall be obligated to and will release the records.

22.2 Any material submitted by the vendor in response to this request that the vendor considers confidential and proprietary information and which vendor believes qualifies as a trade secret, as provided in section 19.36(5), Wis. Stats., must be identified on a designation of Confidential and Proprietary Information form. Pricing will not be held confidential after award of contract.

27.0 LIVING WAGE REQUIREMENT: The vendor shall, where appropriate, comply with the County's Living Wage requirements as set forth in section 25.015, Dane County Ordinances.

**LOCAL CONTENT VENDOR AFFIDAVIT**

**Under Dane County’s purchasing ordinance, bidders offering goods made in Dane County, its surrounding counties, or the State of Wisconsin receive a price preference on sealed bid solicitations.** Bids are first evaluated to determine if any bidders are offering products that qualify as Dane County-Made Goods, Regionally-Made Goods, or Wisconsin-Made Goods.

A bidder offering Dane County-Made Goods will be considered the successful bidder if their price is up to 15% higher than the low bid for goods that are not Dane County-Made Goods. If no vendors meet this criteria, then the county will determine if any bidder is offering Regionally-Made Goods. If so, then such a bidder will be considered successful if their price is up to 12.5% higher than the low bid for goods that are not Regionally-Made Goods. If no vendors meet this criteria, then the county will determine if any bidder is offering Wisconsin-Made Goods. If so, then such a bidder will be considered successful if their price is up to 10% higher than the low bid for goods that are not Wisconsin-Made Goods. If no vendors are offering Dane County-Made, Regionally-Made, or Wisconsin-Made Goods, then the county will evaluate the low bid without regard to the content of the goods.

I swear that the following is true and correct:

Based on the definition included with each category below, indicate if the goods you offer in your bid meet any of the three categories under the county’s ordinance.

\_\_\_\_\_ The goods offered under this bid are Dane County-Made goods as defined as, “an article that is manufactured, mined, produced or grown in Dane County and over 50% of the total cost of its components are made in Dane County. When “component”, as referenced above, means and article, material, or supply incorporated directly into a finished product.

\_\_\_\_\_ The goods offered under this bid are Regionally-Made goods as defined as, “an article that is manufactured, mined, produced or grown in Dane County or the seven counties adjacent to Dane County (Columbia, Dodge, Green, Iowa, Jefferson, Rock, or Sauk) and over 50% of the total cost of its components are made in those counties. When “component”, as referenced above, means and article, material, or supply incorporated directly into a finished product.

\_\_\_\_\_ The goods offered under this bid are Wisconsin-Made goods as defined as, “an article that is manufactured, mined, produced or grown in the State of Wisconsin and over 50% of the total cost of its components are made in the State of Wisconsin. ## LOCAL VENDOR AFFIDAVIT

Under Dane County Ordinance, a vendor headquartered in Dane County or the surrounding counties or a vendor with a location in Dane County or the surrounding counties may be invited to match the low bid if the low bid is offered by a vendor located outside the area.

There are three vendors to which this ordinance applies: a Regionally-Based Vendor, a vendor with a location in Dane County, and a vendor with a location in one of the seven counties adjacent to Dane County.

Under the ordinance, a Regionally-Based Vendor means a supplier or provider of equipment, materials, supplies, or services whose business or corporate headquarters is physically located in Dane County or the seven counties adjacent to Dane County (Columbia, Dodge, Green, Iowa, Jefferson, Rock, or Sauk) and whose owners or shareholders totaling more than 50% of ownership live in Dane County or the aforementioned contiguous counties; and the business is registered and authorized to do business in the State of Wisconsin.

Under the ordinance, a Local Vendor means a supplier or provider of equipment, materials, supplies, or services which has an established place of business within the County of Dane and is registered and authorized to do business in the State of Wisconsin. An established place of business means a physical office, plant or other facility. A post office box address does not qualify a vendor as a Local Vendor.

When bids are reviewed, the county will determine if a Regionally-Based Vendor responding to the bid is the low bidder or within 15% of the low bid. In the event that the price offered by a Regionally-Based Vendor is within 15% of the low bid, the county will contact the Regionally-Based Vendor and provide that vendor the option of matching the low bid price.

If no Regionally-Based Vendors are among the responding bidders, or the Regionally-Based Vendor declines to match the low bid, then the county will determine if a Local Vendor is within 10% of the low bid. If so, then the county will contact the Local Vendor and provide that vendor the option of matching the low bid price.

If no Local Vendors are among the responding bidders, or the Local Vendor declines to match the low bid, then the county will determine if a non-Local Vendor with a location within the seven counties surrounding Dane County is within 5% of the low bid. If so, then the county will contact that non-Local Vendor and provide that vendor the option of matching the low bid price.

If there are no non-Local Vendors with a location within the seven counties surrounding Dane County, or, if all non-Local Vendors with a location within the seven counties surrounding Dane County decline to match the low bid, then the county will award the bid to the low bidder without regard to the location of the vendor.

I swear that the following is true and correct:

\_\_\_\_\_ The bid submitted is from a Regionally-Based Vendor as described above;

\_\_\_\_\_ The bid submitted is from a Local Vendor as described above

\_\_\_\_\_ The bid submitted is from a non-Local Vendor with a place of business in one of the following counties: Columbia, Dodge, Green, Iowa, Jefferson, Rock, or Sauk.

\_\_\_\_\_ The bid submitted is from a vendor that does not meet any of the criteria above.

3	The dump body shall be a cross member-less type construction.		
4	All welds shall be continuous.		
5	The body shall be designed by its manufacturer as to incorporate no fewer than four (4) longitudinal and two (2) transversal conduits in prevision for an eventual easy hook-up of the heat by running the exhaust through these integrated conduits.		
<b>Floor and understructure</b>			
6	The floor of the dump body, including the floor to side-formed knee braces on both sides, shall be made of a single sheet with no seams. The floor to nose knee braces also shall be made of material no less than AR450.

13	A 30" cab shield shall be installed at the proper height to prevent any contact and/or interference with the cab, the muffler, and/or any other components or accessories of the truck.		
14	The dump body shall be equipped with rubber bumpers to prevent the contact between the body and the truck frame when empty. These bumpers shall be located at the nose end of the dump body and be designed to compress when loaded against the truck frame.		
<b>Tail end</b>			
15	The rear corner posts shall be vertical and fully boxed. A baffle shall be installed in both posts to prevent any of the heat exhaust to cause damage to the lights and wire harness. Rear corner posts shall be a minimum of 14" to allow for lighting and harnesses access.		
16	The rear bolster of the dump body shall be designed as to be a stiffener at the end of the floor. It shall be formed to have a built-in 3 ½" boxed area for strength capped on the backside and solidly welded.

The door hinge pins shall be 1 1/2" stress-proof and be equipped with recessed grease fittings.	
19	The door lock pins shall be 1 1/4" in diameter. A wear strip of no less than 500 Brinell shall be welded to the pin at the contact point of the door latches.	
20	The door latching system shall be "under slung" and not "over slung". The mobile part of the latches shall be linked to the fixed part by double shouldered machined bolts. They will be designed to prevent friction issues even if they are over-tightened. The latches shall be equipped of grease fittings.	
21	The door shall be air operated via a double acting Velvac 3 1/2" x 8" cylinder.	
22	The body shall be equipped with 3/8" spreader chains and all adequate chain brackets and supports. Safety supports shall be of tubular design.	
23	The cylinder cradle shall be a heavy-duty "mono block" design. The 2" thick machined blocks shall be factory welded and squared to the two transversal heavy duty 4" x 2" structural tubing. Each block shall be designed with the top part removable, to facilitate installation and maintenance. The cradle blocks shall incorporate a grease fitting in an area where it will be protected from impact and debris build-up.	
24	The cradle shall rest on and be welded to 4" x 6" x 3/8" heavy duty angles solidly bolted on each side of the truck frame. The installer will use existing holes if possible, rather than drilling unnecessary additional holes in the truck frame.
