Subject: Addendum #4 to Bid# 119016 – Snow Removal Services

The following is to provide bid specification and scope of work clarification:

Airport Location

1. The pricing section for 2 – Parking Ramps – East and West area has been revised. The revision replaces “Per Truck Load Dumped” with “Per Yard of Snow Dumped”. The reason for this change is to more accurately evaluate the cost of dumping snow due to the varying sizes (cubic yards) of hauling trucks. With a price per yard evaluation, the size of the truck is irrelevant while evaluating.

Upon award, the County and Contractor will determine a price per truck load dumped based on the awarded vendors hauling truck size(s). This price will be written into the contract.
(Example: A 16 yard truck would be: cost per yard x 16 = per truck load dumped price)

The pricing section for the Airport attached to this addendum must be used when submitting a proposal.

Please acknowledge receipt of this addendum by checking the “Addendum #4” box in **Section 2 – Vendor Information** of your bid submission. If you have any questions regarding this addendum, please contact me via phone or email as listed below.

Sincerely,

Pete Patten
Purchasing Agent
