* You are eligible on the first day of the calendar month that follows or coincides with 6 consecutive months as a member.

Understanding Your Plan Design

Benefit Waiting Period If your claim for LTD benefits is approved by The Standard, benefits become payable after you have been continuously disabled for 365 days and remain disabled. Benefits are not payable during the benefit waiting period.

Own Occupation Definition of Disability For the benefit waiting period and the first 12 months for which LTD benefits are paid, you are considered disabled when you are unable as a result of physical disease, injury, pregnancy, or mental disorder to perform with reasonable continuity the material duties of your own occupation **AND** are suffering a loss of at least 20 percent of your indexed predisability earnings when working in your own occupation. You are not disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license.

Any Occupation Definition of Disability After the own occupation period of disability, you will be considered disabled if you are unable as a result of physical disease, injury, pregnancy, or mental disorder to perform with reasonable continuity the material duties of any occupation.

Maximum Benefit Period If you become disabled before age 63, LTD benefits may continue during disability until Social Security Normal Retirement Age (SSNRA) or 4 years, whichever is longer. If you become disabled at age 63 or older, the benefit duration is determined by the age when disability begins:

<u>Age</u>	<u>Maximum Benefit Period</u>
63	To SSNRA, or 3 years 6 months, whichever is longer
64	3 years
65	2 years 6 months
66	2 years 3 months
67	2 years
68	1 year 9 months
69+	1 year 6 months

Deductible Income Deductible income is income you receive or are eligible to receive while LTD benefits are payable. Deductible income includes, but is not limited to:

- Benefits under any workers' compensation law or similar law
- Amounts under unemployment compensation law
- Social Security disability or retirement benefits, including benefits for your spouse and children
- Disability benefits from any other group insurance
- Disability or retirement benefits under your employer's retirement plan
- Benefits under any state disability income benefit law or similar law
- Earnings from work activity while you are disabled, plus the earnings you could receive if you work as much as your disability allows
- Amounts due from or on behalf of a third party because of your disability, whether by judgment, settlement, or other method
- Any amount you receive by compromise, settlement, or other method as a result of a claim for any of the above

Benefit Calculation

Example

The LTD benefit amount is determined by multiplying your insured predisability earnings by the specified benefit percentage. This amount is then reduced by deductible income. In the example below, the LTD benefit amount is 65 percent of insured predisability earnings. If your monthly earnings before becoming disabled were \$4,500, and you now receive a monthly Social Security disability benefit of \$1,200 and a monthly retirement benefit of \$900, your monthly LTD benefit would be calculated as follows:

Insured predisability earnings	\$4,500
LTD benefit percentage	X 65%
	\$2,925
Less Social Security disability benefit	-\$1,200
Less retirement benefit	-\$900
Amount of LTD benefit	\$825
