BID AND SPECIFICATION OVERVIEW

Dane County as represented by the Purchasing Division will accept bids for the purchase of specified item(s) as described within this document.

Specification Compliance: Bidder shall complete every space in the area provided with either a check mark to indicate the item being bid is exactly as specified (**Yes**), or deviates from bid specification (**No**). Any deviation from the minimum specifications stated herein must be identified in detail in the Specifications Deviations section of the bid and must include a description of how the proposed item(s) differ from the bid requirements, along with detailed justification for such deviation. Bidder shall include photos and schematics as necessary, for complete clarification.

The specifications below describe an acceptable product. Minor variations in specification may be accepted if, in the opinion of County staff, they do not adversely affect the quality, maintenance or performance of the item(s). Dane County reserves the right to accept or reject any and all bids, to waive informalities and to choose the bid that best meets the specifications and needs of the County.

Term: The contract shall be effective on the date indicated on the Dane County purchase order or the Dane County contract execution date and shall run for one year from that date.

BID SPECIFICATIONS

Aggregate for Surface Treatment

GENERAL

You are invited to submit a bid to furnish aggregate for surface treatment to be used as cover material on asphalt sealcoat work. We are seeking bids for this material either delivered to our site, or picked up by Dane County from the producer's stockpile.

All materials supplied under this proposal shall conform to the Standard Specifications for Road and Bridge Construction, 2021 edition (hereinafter referred to as the "Standard Specifications"), and all subsequent revisions and supplementary specifications, of the Wisconsin Division of Highways, Department of Transportation.

Your failure to submit a bid may prevent Dane County Highway and Transportation Department from acquiring your product(s). Thus, if you are interested in doing business with the Dane County Highway and Transportation Department in 2021, we strongly encourage you to submit a bid by the opening date indicated.

GRADATION AND QUALITY

Provide aggregate conforming to section 475 of The State of Wisconsin Standard Specifications for Road and Structure Construction, 2021 Edition. The aggregates are to be uniform in quality and free from wood, bark, roots and other deleterious materials.

1. P200 specification listed below is critical for sealcoat operations. Material will be tested prior to award of bid and if the P200 specification is not met the contractor may wash the material and have it retested.
2. Section 475.2.4 is modified to meet the following gradation requirements for Pea Gravel, Quartzite or Granite Chips:

GRADE 1: Pea Gravel, Quartzite or Granite	
Sieve Size	% Passing by Weight
1/2 inch (12.5 mm)	100
3/8 inch (9.5 mm)	95-100
1/4 inch (6.3 mm)	---
No 4 (4.75 mm)	10-30
No 8 (2.36 mm)	---
No 16 (1.18 mm)	0-5
No 40 (425 microns)	---
No 200 (75 microns)	0-2

BID OPTIONS AND AWARD

This bid proposal contains two options regarding the delivery of material.

Option "A" requires the supplier to deliver the material to the specified location. Dane County will stockpile the material under this option.

Option "B" requires that the material be available in stockpile at the supplier's pit (hauling will be done by Dane County).

Dane County will choose the type of material, and option that is most advantageous to the County, and each bid item (location) will be awarded separately.

DELIVERY

Under Option "A" the supplier must deliver a minimum of 600 tons per day. The delivery shall be made during the normal working hours for Dane County (7:00 a.m. to 3:30 p.m.) or as modified by the County Highway and Transportation Department.

PAYMENT

All material will be paid for by the ton. Each load must be accompanied by a ticket containing the appropriate weight information. In the event that an acceptable scale is unavailable, a unit price bid based on a volume measurement will be allowed if so noted on the pricing sheets. To allow for comparison of bids, it will be assumed that the weight per cubic yard is 2,600 lbs. with the quantities adjusted accordingly. Dane County reserves the right to determine actual quantities provided, if material is supplied on other than a weight basis.

SCHEDULE AND DAMAGES

Delivery under Option "A" may begin upon award of contract and must be completed prior to May 20, 2022. There shall be a damage claim of \$100 per day for any delay beyond the May 20, 2022 date.

The material under Option "B" shall be available on or before May 20, 2022. There shall be a damage claim of \$100 per day for any delay beyond the May 20, 2022 date.

PURCHASE OF ITEM(S)

The Dane County Highway and Transportation Department reserves the right to award this bid on a per-item basis or on total net bid, whichever is deemed most advantageous to Dane County.

Each item will be considered independent of any other item. The Dane County Highway and Transportation Department will attempt to utilize the lowest bid when obtaining product, however the Department reserves the right to obtain product from the most advantageous vendor/location. In making this determination, the Department will consider availability of product and proximity of vendor to project to minimize hauling costs and/or assure that the product quality is not compromised by excessive travel time (i.e. redi mix).

INSURANCE

Bidders shall carry insurance as required in the Standard Terms and Conditions, Section 20. The bidder shall furnish Dane County Highway and Transportation Department **along with the bid** a certificate of insurance showing the type, amount, class of operations covered, effective dates, and expiration dates of policies.

BID BOND/PERFORMANCE BOND

Each proposal must be accompanied by a certified or cashier's check payable to the Dane County Public Works, Highway & Transportation Department, or a bid bond, as a guarantee in the amount of 5% of the total bid.

Successful bidders shall furnish the County with a performance bond equal to 100% of the contracted amount (per State Statute 779.14).

PRICING

Bidders may submit pricing for any one item or combination of items included in this bid. If product price is the same for various locations, only one bid proposal sheet is needed. If product price varies for different locations, please copy the blank form(s) as many times as needed.
