5. Local Purchasing Preference:

Under Dane County Ordinance 25.08(11)(c-e), a Locally Based and Owned Vendor, Locally Operated Vendor, or Non-Locally Operated Vendor may be invited to match the low bid if the low bid is offered by a vendor that is not identified as a Locally Based and Owned Vendor, Locally Operated Vendor, or Non-Locally Operated Vendor according to Dane County Ordinance requirements.

Locally Based and Owned Vendor Criteria

- 1. Your business or corporate headquarters is physically located in Dane County and;
- 2. Your business owners or shareholders totaling more than 50% of ownership live in Dane County and;
- 3. Your business is registered and authorized to do business in the State of Wisconsin.

Locally Operated Vendor Criteria

- 1. Your business is registered and authorized to do business in the State of Wisconsin and;
- 2. Your business has an established place of business within Dane County.
 - o A post office box address does not qualify a vendor as a Locally Operated Vendor.

Non-Locally Operated Vendor Criteria

- 1. Your business is registered and authorized to do business in the State of Wisconsin and;
- 2. Your business has an established place of business in one of the following Wisconsin Counties: Columbia, Dodge, Green, Iowa, Jefferson, Rock, or Sauk.
 - o A post office box address does not qualify a vendor as a Non-Locally Operated Vendor.

Local Purchasing Preference Order of Events:

Locally Based and Owned Vendors:

- 1. When bids are reviewed, the County will determine if a Locally Based and Owned Vendor responding to the bid is the low bidder. If a Locally Based and Owned Vendor is the low bidder, they will be awarded the bid.
- 2. If a Locally Based and Owned Vendor is not the low bidder but is within 15% of the low bid, the County will contact the Locally Based and Owned Vendor and provide that vendor the option of matching the low bid price.
- 3. If no Locally Based and Owned Vendors are among the responding bidders, or the Locally Based and Owned Vendor declines to match the low bid, then the County will determine if a Locally Operated Vendor has responded to the bid.

Locally Operated Vendors:

- 4. If a Locally Operated Vendor is within 10% of the low bid, the County will contact the Locally Operated Vendor and provide that vendor the option of matching the low bid price.
- If no Locally Operated Vendors are among the responding bidders, or the Locally Operated Vendor declines to match the low bid, then the County will determine if a Non-Locally Operated Vendor has responded to the bid.

Non-Locally Operated Vendors:

- 6. If a Non-Locally Operated Vendor is within 5% of the low bid, the County will contact the Non-Locally Operated Vendor and provide that vendor the option of matching the low bid price.
- 7. If no Non-Locally Operated Vendors are among the responding bidders, or the Non-Locally Operated Vendor declines to match the low bid, then the County will award the bid to the low bidder without regard to the location of the vendor.

6. Local Content Preference:

Under Dane County Ordinance 25.08(4)(f-j), bidders offering goods made in Dane County, its surrounding counties, or the State of Wisconsin receive a price preference on sealed bid solicitations. Bids are first evaluated to determine if any bidders are offering products that qualify as Dane County-Made Goods, Regionally-Made Goods, or Wisconsin-Made Goods.

Dane County Made Criteria

- 1. An article that is manufactured, mined, produced or grown in Dane County and:
- 2. Over 50% of the total cost of its components are made in Dane County.
 - o "Component", as referenced above, means an article, materials, or supply incorporated directly into a finished product.

Regionally Made Criteria

- 1. An article that is manufactured, mined, produced or grown in one of the following counties: Dane, Columbia, Dodge, Green, Iowa, Jefferson, Rock, or Sauk <u>and:</u>
- 2. Over 50% of the total cost of its components are made in one of the following counties: Dane, Columbia, Dodge, Green, Iowa, Jefferson, Rock, or Sauk.
 - "Component", as referenced above, means an article, materials, or supply incorporated directly into a finished product.

Wisconsin Made Criteria

- 1. An article that is manufactured, mined, produced or grown in the State of Wisconsin and;
- 2. Over 50% of the total cost of its components are made in the State of Wisconsin.
 - "Component", as referenced above, means an article, materials, or supply incorporated directly into a finished product.

A bidder offering Dane County-Made Goods will be considered the successful bidder if their price is up to 15% higher than the low bid for goods that are not Dane County-Made Goods. If no vendors meet this criteria, then the County will determine if any bidder is offering Regionally-Made Goods. If so, then such a bidder will be considered successful if their price is up to 12.5% higher than the low bid for goods that are not Regionally-Made Goods. If no vendors meet this criteria, then the County will determine if any bidder is offering Wisconsin-Made Goods. If so, the such bidder will be considered successful if their price is up to 10% higher than the low bid for goods that are not Wisconsin-Made Goods. If no vendors are offering Dane County-Made, Regionally-Made, or Wisconsin-Made Goods, then the County will evaluate the low bid without regard to the content of the goods.

7. Pricing:

The price quoted shall include all labor, materials, equipment, shipping, and other costs. All prices and conditions outlined in the bid shall remain fixed.

8. Bid Submission and Acceptance:

Bids must be received by the Dane County Purchasing Division by the specified date and time stated on the cover page. All proposals must be time-stamped in by a Dane County Purchasing or Administration staff member. Bids not so stamped will not be accepted.

Unsigned, late, faxed, or electronically mailed bids will be rejected.

Vendors must submit an original and the required number of copies of all bid materials required for acceptance as instructed on the cover page of the bid.

Multiple bids from a vendor will be permissible, however, each proposal must conform fully to the requirements for bid submission. Each such bid must be separately submitted and labeled as Bid# 1, Bid# 2, etc.

Dane County reserves the right to accept any part of this bid deemed to be in the best interest of the County. The County also retains the right to accept or reject any or all bids.

9. Cooperative Purchasing

Participating in cooperative purchasing gives vendors opportunities for additional sales without additional bidding. Municipalities and state agencies use cooperative purchasing to expedite purchases. A "municipality" is defined as any county, city, village, town, school district, board of school directors, sewer district, drainage district, vocational, technical and adult education district, or any other public body having authority to award public contracts (s. 16.70(8), Wis. Stats.). Federally recognized Indian tribes and bands in this state may participate in cooperative purchasing with the state or any municipality under ss. 66.0301(1) and (20, Wis. Stats.)

On the Vendor Information page, you will have the opportunity to participate in allowing municipalities and state agencies to piggyback this bid. Participation is not mandatory. A vendor's decision on participating in this service has no effect on awarding the bid.

Dane County is not a party to these purchases or any dispute arising from these purchases and is not liable for delivery or payment of any of these purchases.

10. Award:

The County will award the bid to the responsive and responsible bidder whose bid is most advantageous to the County. In determining the most advantageous bid, the County will consider criteria such as, but not limited to, cost, bidder's past performance and/or service reputation, and service capability, quality of the bidder's staff or services, customer satisfaction, references, the extent to which the bidder's staff or services meet the County's needs, bidder's past relationship with the County, total long term cost to the County, fleet continuity and any other relevant criteria listed in this solicitation.

Written notice of award to a vendor in the form of a purchase order or other document, mailed or delivered to the address shown on the bid will be considered sufficient notice of acceptance of bid.

This contract and any part thereof shall not be subcontracted or assigned to another Contractor without prior written permission of the County. The Contractor shall be directly responsible for any subcontractor's performance and work quality when used by the Contractor to carry out the scope of the job. Subcontractors must abide by all terms and conditions under this Contract.

11. Payment Terms and Invoicing:

Unless otherwise agreed, Dane County will pay properly submitted vendor invoices within thirty (30) days of receipt of goods or services. Payment will not be made until goods or services are delivered, installed (if required), and accepted as specified. Invoices presented for payment shall be submitted to the bill to address and/or County Representative listed on the Dane County purchase order. The Dane County purchase order number must be noted on the submitted invoice.

Other incidental or standard industry charges not identified herein, are <u>not</u> allowed under this contract. Miscellaneous service charges used to help the Contractor pay various fluctuating current and future costs are not allowed. These charges include, but are not limited to, costs directly or indirectly related to the environment, energy issues, fuel charges, service and delivery of goods and services.

12. Permits and Licenses:

The Contractor selected under this bid shall be required to obtain the necessary permits and licenses prior to performing any work under this contract. The Contractor will be required to demonstrate valid possession of appropriate required licenses and will keep them in effect for the term of this contract.

Contractor must be financially responsible for obtaining all required permits and licenses to comply with pertinent regulations, municipal, county, State of Wisconsin and Federal laws, and shall assume liability for all applicable taxes.

13. Satisfactory Work:

Any work found to be in any way defective or unsatisfactory shall be corrected by the Contractor at its own expense at the order of the County. The County also reserves the right to contract out services not satisfactorily completed and to purchase substitute services elsewhere. The County reserves the right to charge the vendor with any or all costs incurred or retain/deduct the amount of such costs incurred from any monies due or which may become due under this contract.

14. Government Standards:

All materials, equipment, and supplies provided to the County must fully comply with all safety requirements as set forth by the Wisconsin Department of Commerce and all applicable OSHA Standards. Bidders shall comply with all local, state and federal regulations, directives and laws.

15. Warranty:

The length, time, and conditions of warranty must be attached to or stated in the bid document. The seller and/or manufacturer warrants that the goods sold hereunder will be merchantable quality, will conform to applicable specifications, and will be free from defects in material and workmanship and will be fit for the particular purpose intended.

Warranty does not commence until after the complete unit has been accepted and placed into service by the user agency. Bidder shall indicate the name and the geographical location of the nearest authorized dealer to perform subsequent warranty service. This information shall be stated in the pricing section of bid or otherwise specified.

16. Inspection of Premises/Vendor Site Visit:

Bidder's may inspect site(s) prior to submitting bids to determine all requirements associated with the project by contacting the Purchasing Agent listed on the cover page. Failure to do so will in no way relieve the successful bidder from the necessity of providing, without additional cost to the County, all necessary services that may be required to carry out the intent of the resulting contract.

17. Contracting Assignment – Subcontractors

This contract and any part thereof shall not be subcontracted or assigned to another Contractor without prior written permission of the County. The Contractor shall be directly responsible for any subcontractor's performance and work quality when used by the Contractor to carry out the scope of the job. Subcontractors must abide by all terms and conditions under this Contract.

18. Contract Additions

The County reserves the right to add new items and locations at a price conforming to other like items on the contract. The procedure for such additions shall be as follows:

The County Purchasing Agent will contact the vendor requesting pricing for the item(s) to be added. The vendor, within three working days, should respond in writing and include the bid number, contract period and the price for each item or service to be provided. Upon receipt, the County shall issue a Change Order adding the service or product(s) to the Contract or Purchase Order. The County reserves the right to accept or reject prices and obtain bids on the open market for these add-ons.

When applicable, Contractor may be required to sign a Dane County Contract.

19. Contract/Project Administration

The County department(s) utilizing the service will be responsible for coordinating, monitoring and administering the resulting service contract/purchase order. The department shall be responsible for notifying the awarded vendor about contract renewals or extensions. Any modifications or additions to the contract(s)/purchase order(s) shall be communicated by the department to the Purchasing Division.

20. Contract Termination

If for any reason the successful contractor fails to fulfill the requirements of the contract for providing the specified services, the County shall have the right to cancel the contract at any time and negotiate for the services with another contractor.

21. Insurance:

The successful vendor is required to submit to Dane County a Certificate of Insurance prior to performing any work under this contract. The certificate is required prior to issuance of purchase order. See Section 20.0 Insurance Responsibility in the Standard Terms & Conditions.

Technical Specifications

Scope of services:

All work listed shall be performed in a thorough and professional manner and in accordance with accepted industry methods and practices. All work shall be in strict compliance with all local and state codes, ordinances, laws, and policies. Federal law now mandates when ballots MUST be to the local clerks. These laws and timelines must be met for each election cycle.

During any election cycle (the time from which the printer receives the PDF file, until the day after an election) NO POLITICAL SIGNS may be posted at the printers location. This will not prevent the printer from actually printing political signs for customers, but will not allow them to post political signs on their facilities. The County needs to maintain its non-partisan effectiveness and the displaying of political signs may be construed as partisanship.

The provider shall provide an adequate number of competent, properly trained personnel with sufficient supervision to provide the required services at all times. The provider shall provide all personnel with a complete set of specifications and schedules to ensure all required services are completed. The time frame between some elections may be extremely short, and mandatory overtime of personnel, on a 3 shift rotation, may be needed to ensure the work is done timely.

The provider must have adequate equipment to perform the requirements of this bid. There should either be back up equipment available or an emergency plan by the provider to use other equipment if needed to ensure the ballots are printed timely. In the case of very large elections or shorter time frames with "special" elections, the provider may choose to print the absentee ballots first and deliver only the absentees on the first run to ensure the timelines are met. The regular ballots could then be delivered **within the next week**. Additional delivery charges will not be paid if the provider chooses to run the ballots in two deliveries to meet the deadlines.

The provider must have adequate storage space to accommodate the storage of paper needed, and all equipment needed to facilitate packaging of ballots in shrink wrapped bundles of **200 each**. If the bundle is less than 200 the quantity must be clearly marked on the front of the bundle. Ballots for each municipality will be in a separate, securely sealed cardboard box(es), clearly marked as to its contents, (i.e. absentee ballots) and the **quantity of each header code**. The printer will have an adequate supply of paper and personnel on election day to produce any ballots that may have to be reprinted due to errors, or to print ballots on demand for election day shortages. These ballots will be produced at the same cost as the preordered ballots. The successful bidder must be willing to accept and print orders received until 5p.m. on election day, and to deliver them to the polling site within 2 hours of the order being placed.

Any work found to be in any way defective or unsatisfactory shall be corrected by the Provider at its own expense at the order of the County. The County also reserves the right to contract out services not satisfactorily completed and to purchase substitute services elsewhere. The County reserves the right to charge the vendor with any or all costs incurred or retain/deduct the amount of such costs incurred from any monies due or which may become due under this contract.

Dane County is seeking a vendor, to print ballots for elections within Dane County for one year (January 1, 2019- December 31, 2019). There will be four (4) possible one-year extensions by mutual agreement of the County and the Vendor.

Ballots will be printed for the DS-200 voting system, according to the specifications of the vendor, Election System & Software (ES&S).

Dane County requires the following types of ballots:

```
1 sided, 2 column ballots – bid for 11", 14", 17" and 19"
1 sided, 3 column ballots - bid for 11", 14", 17" and 19"
2 sided, 2 column ballots – bid for 11", 14", 17" and 19"
2 sided, 3 column ballots - bid for 11", 14", 17" and 19"
```

The printer is responsible for supplying ALL paper. All ballots are printed using black ink on 80# index paper, with the following specifications:

Basis Wt	GSM	Caliper	Smoothness	Brightness	Opacity
80	118	6.2	130	96	96.0

Ballots will be on white paper, but certain elections will require various colored stripes on the right side of the ballot. The colored stripe will be 9 "long by ½" wide. We may require several different colors depending on the election or none at all. Bidder must supply the per ballot cost to add the colored stripe. This stripe is used to differentiate ballot types (i.e. school districts) within one municipality. This stripe takes the place of using colored sheets of paper since the DS200 will not accept colored paper.

The maximum ballot length is 19". The minimum ballot length is 11". All ballots will be 8.5" wide.

All ballots must be cut evenly along the cut lines. The registration of each ballot is critical. Each ballot must be the exact size to allow it to fit into the optical scan voting equipment. There can be no cutter pull.

Absentee ballots will be the same color as the regular ballots. Absentee ballots shall be scored so they can fit into a #12 absentee envelope (4 ¾ x 11). **Scores shall not interfere with the ovals on the ballot. This must be checked by the printer prior to scoring.** Each header code may be different so extreme care must be taken in the scoring of ALL ballot types to ensure the scores do not interfere with the ovals.

Sample ballots are always yellow. The "SAMPLE" watermark should be light enough so as not to interfere with the candidate information below the watermark. For each election a limited number of sample ballots will be needed for each municipality to meet requirements for public posting.

The County Clerk will provide an estimate as to the approximate number of ballots needed, with the number of header codes required, 3 to 4 weeks prior to printing.

The County Clerk will send the ballot proofs to the printer in a PDF file. The successful bidder will reprint ballots that are not printed correctly (i.e. cut incorrectly, missing information [information lost from the disc provided by the county], etc.) at their expense.

The printer shall be available by telephone at all times on election day, from 6 a.m. to 8 p.m. The printer shall check in with the County Clerk at 6 p.m. to be sure there are no other municipalities that need additional ballots.

The provider will deliver ballots to the municipalities by the required deadlines per election. These deadlines are available on the Wisconsin Election Commission (WEC) election calendar, and the County Clerk will provide a copy of this to the printer at the beginning of each year. The County Clerk shall email the printer with a reminder of these deadlines prior to each election. These vary depending on having federal issues on a ballot. The County is requiring that the City of Madison have its ballots delivered a minimum of 2 days prior to the deadline in the WEC calendar, and that all other Dane County Municipal Clerks have their ballots a minimum of one day prior to the required deadline.

The printer is responsible for delivery and if this is contracted out to another vendor, the printer must ensure that all ballots are delivered within the timeline above. Delivery should take place within a one day period. (If Madison is done separately, then one day for the City of Madison, and one for the rest of Dane County) The printer will supply the County Clerk with a schedule from the delivery source of when the ballots will be delivered. The drop off sites for each municipality are attached, and will be reviewed and subject to change prior to each election. The County Clerk shall provide any changes in proposed deliver route to the printer with the PDF files.

The schedule for 2019 and 2020 is included below. Schedules for future years will follow the same timeframes accounting for the different election dates.

Election Date	PDF Sent to Printer	Absentee Ballots Due
February 19, 2019	January 15, 2019	January 24, 2019
April 2, 2019	March 4, 2019	March 7, 2019
February 18, 2020	January 14, 2020	January 23, 2020
April 7, 2020	March 4, 2020	March 12, 2020
August 11, 2020	June 10, 2020	June 18, 2020
November 3, 2020	August 28, 2020	September 10, 2020

Note. Sometimes the legal deadlines cannot be met due to delays by the WEC. We will work closely with the printer to assure that at least the absentees will be produced and delivered as timely as possible. Law changes are being proposed to aid in these timelines but may or may not be changed prior to this contract. There is a very tight deadline for both the 2019 and 2020 Spring Elections.

Section 3 – Bid Specifications – Submit with Bid

The provider shall print a pre-test deck of ballots (i.e. a selection of header codes, totaling approximately 100 ballots) for every election as directed by the county clerk's office. This pre-test deck of ballots shall be delivered to the county clerk's office ahead of any mass printing. The county clerk's office shall test these ballots immediately and provide the go-ahead for the full printing.

This history is in no way a guarantee of future purchases. Dane County purchases of ballots are determined prior to each election based on the needs of that particular election.

For the August 2018 Partisan Primary the original order was 145,105 with a first reorder of 28,355 and a second reorder of 16,000 and then an Election Day reorder of 9,700.

Additional orders are often times unavoidable, due to high voter turnout. The vendor is expected to be able to provide ballots on short notice.

^{*}Note: For the November 2016 election the original quantity was 454,925. An additional order of 75,000 were ordered and delivered one week ahead of the election.
