SECTION 2 – PROPOSAL SELECTION AND AWARD PROCESS

3.2 Scope of Services/Specification Overview

3.2.1 Project Description

Dane County is currently seeking projects to benefit low-and-moderate income persons within the member communities of the Dane County Urban County Consortium listed in Appendix A. The primary emphasis is on projects focusing on homeless prevention, emergency assistance, case management, transportation, and job training assistance.

Eligible Applicants

Non-profit agencies with 501 (c) (3) designation, units of local government, and related agencies, e.g. school districts, libraries, park districts.

National Objective

The primary objective of Title I of the Housing and Community Development Act of 1974, as amended, is the development of viable urban communities. This is achieved by providing decent housing, a suitable living environment, and expanding economic opportunities. Every funded project must meet one of the national objectives of benefitting low-and-moderate income persons; eliminating slums or blight; or meeting a particular urgent need for which other resources are not available requiring the use of CDBG funds, such as for floods or tornadoes. Public service activities are typically categorized as meeting the national objective of benefitting low and moderate-income persons either as an Area Benefit **OR** as a Limited Clientele activity.

Under the Area Benefit criteria, the public service must be offered to all residents of an area where at least 51% of the residents are low-and-moderate income. In addition:

- The area must be clearly delineated and records maintained on the boundaries of the service area;
- The area must be primarily residential in nature (as seen on zoning maps); and
- Census data must support the documentation that at least 51% of the residents are low-and-moderate income.

Limited Clientele activities benefit a specific targeted group of persons of which at least 51% must be low-and-moderate income. In order to meet the LMI Limited Clientele criteria, the activity must:

SECTION 3 – PROJECT OVERVIEW AND SCOPE OF SERVICES

- Serve at least 51% low-and-moderate income persons, as evidenced by documentation and data concerning beneficiary family size and income; **OR**
- Have income-eligibility requirements that limit the service to persons meeting the low-and-moderate income requirement, as evidenced by the administering agency's procedures, intake/application forms, income limits, and other sources of documentation; **OR**
- Serve a group primarily presumed to be low-and-moderate income such as abused children, battered spouses, elderly persons, severely disabled adults¹, homeless persons, illiterate adults, persons living with AIDS, and migrant farm workers; **OR**
- Be of such a nature and in a location that it may be concluded that the activity's clientele are low-and-moderate income, such as a daycare center that is designed to serve residents of a public housing complex.

Eligible Activities

The CDBG regulations authorize up to a total of 15% of the County's total CDBG grant funds (plus 15% of prior year program income) to be used for public service projects for a wide variety of activities including, but not limited to the following:

- Employment services (e.g. job training)
- Crime prevention and public safety
- Child care
- Health services
- Substance abuse services (e.g. counseling and treatment)
- Fair housing counseling
- Education programs
- Energy conservation
- Services for senior citizens
- Services for homeless persons
- Welfare services
- Down payment assistance
- Recreational services

In order to qualify for funding, a public service be either a new service or a quantifiable increase in the level of an existing public service above that which has been provided by or on behalf of the unit of general local government (through funds raised by the local government or received by the local government from the State) in the 12 calendar months preceding the year in which funds are to be awarded. An exception may be made if HUD determines that any decrease in the level of service was the result of events not within the control of the local government.

¹ Persons are considered severely disabled if they: use a wheelchair or another special aid for 6 months or longer; are unable to perform one or more functional activities (seeing, hearing, having one's speech understood, lifting and carrying, walking up a flight of stairs or walking; needing assistance with activities of daily living (bathing, transferring, toileting, eating) or instrumental activities of daily living (preparing meals, doing light housework, using the phone, keeping track of money or bills); are prevented from working at a job or doing housework; have a selected condition including autism, cerebral palsy Alzheimer's disease, dementia, or developmental disability; or are under 65 years of age and are covered by Medicare or receive SSI.

SECTION 3 – PROJECT OVERVIEW AND SCOPE OF SERVICES

This provision was put in place to ensure that localities did not use CDBG funds to replace local or state monies to fund essential services typically offered by the local government.

Specifically:

- If a service is new, it may be funded;
- If a service is existing and it was not provided by or on behalf of a unit of local government with funding from the local government, it may be funded;
- If it was provided by or on behalf of the local government with funding from the local government, it can be funded if it is a documented quantifiable increase in the level of service.
- The regulations do not prohibit the County from continuing to provide funding to a CDBG-funded public service at the same or decreased level in subsequent years, however.

Eligible Costs

CDBG funds may be used to pay for:

- activity hard costs, such as supplies and materials for the activity;
- staff and overhead costs DIRECTLY related to carrying out the activity, such as providing direct services to consumers. This may include staff time spent supervising staff who are carrying out the activities specified in 24 CFR 570.201-204 when that time is spent addressing a direct consumer, service, or property issue. It does not include supervisory time spent on such functions as employee evaluations;
- Operating and maintenance expenses, such as the lease of a facility, office space, equipment, and other property for program staff employed in carrying out the CDBG funded activity.

Ineligible Costs

The general rule is that CDBG funds may not be used for *income payments*. For purposes of the CDBG program, *income payments* means a series of subsistence-type grant payments made to an individual or family for items such as food, clothing, housing (rent or mortgage), or utilities. However, emergency grant payments made over a period of up to three consecutive months to the provider of such items or services on behalf of an individual or family are eligible.

Types of Assistance

Grants for up to 100% of the eligible project costs.

3.2.2

Objectives

To provide public services that provide decent housing, a suitable living environment, and expand economic opportunities for low-and-moderate income persons in the Dane County Urban County Consortium.

SECTION 3 – PROJECT OVERVIEW AND SCOPE OF SERVICES

3.2.3

Needs

1. Projects must assist low-and-moderate-income persons in the participating municipalities of the Dane County Urban County Consortium.
2. It is expected that projects will meet documented community needs. This includes needs documented through “hard” data sources.
3. Any additional funding needed to make the project viable must be secured in order for a contract to be executed.
4. Projects must be consistent with the Dane County Comprehensive Plan and with the Plans of the local municipality (City, Town, or Village) in which the project will be located.
5. Subrecipients that are directly funded under the CDBG Program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization, as part of the program. If a Subrecipient conducts such activities, the activities must be offered separately in time or location, from the CDBG-funded program, and participation must be voluntary for the beneficiaries of the CDBG-funded program.
6. The project may not begin until the environmental review requirements at Part 58 are met and the County has given notice to proceed.
7. Projects must be able to begin and end in the year in which funds are awarded, i.e., 2020

3.2.4

Current Operations

Awards for 2019 are pending approval of contracts. The following were recommended for funding: Community Action Coalition for South Central Madison Dental Initiative, YWCA of Madison, Stoughton United Ministries, Independent Living, Inc., Vera Court Neighborhood Center, Inc., Madison Black Chamber, Sunshine Place and North/Eastside Senior Coalition.

4.0 PROPOSAL PREPARATION REQUIREMENTS

Please respond to these requirements using the application at the end of this document.

4.1 Required Form – Attachment A – Vendor Information

4.2 Need and Justification

The project need and justification adequately describes the problem that is being addressed by the proposed project. Statements are substantiated with “hard” data sources. Provides a description of how funds may be targeted to areas of greatest need.

4.3 Beneficiaries

The application describes the population to be served. Additional points will be given to projects located in census tracts where 47.8% of the population is considered low-and-moderate income.

4.4 Project Approach

The application provides:

- A detailed description of the scope of work that will be undertaken and a description of how the work will address the identified problems.
- A description of any partnerships that have been or will be formed to ensure the success of the project.
- Plans for notice and the relocation process for tenants, if needed.
- A work plan for how the project/program will be organized, implemented, operated, and administered, and the timeline and milestones from initiation to completion. Work on the project – meaning funds will be spent – will begin in 2020.

4.5 Experience and Qualifications

The application provides documentation to justify the organization’s capacity to conduct this project. The project is consistent with the mission of the organization. The organization has undertaken projects of similar complexity to the one for which funds are being requested. There are staff resources with the skills and experience to administer and conduct an accountable and responsible project. There appears to be adequate board and management oversight.

4.6 Financial Information

The application clearly explains and justifies each proposed budget line item and why CDBG funding is required to make the project viable. An explanation of the bases of the cost estimates for the project is included. The budget is realistic. The organization is financially stable. Efforts have been made to secure and to leverage other funding for the project.

SECTION 4 – PROPOSAL PREPARATION REQUIREMENTS

The parties do hereby expressly agree that County, acting at its sole option and through its Risk Manager, may waive any and all requirements contained in this Agreement, such waiver to be in writing only. Such waiver may include or be limited to a reduction in the amount of coverage required above. The extent of waiver shall be determined solely by County's Risk Manager taking into account the nature of the work and other factors relevant to County's exposure, if any, under this Agreement.

The entire burden of maintaining and defending the trade secret designation shall be upon the vendor. The vendor acknowledges and agrees that if the vendor shall fail, in a timely manner, to initiate legal action to defend the trade secret designation or be unsuccessful in its defense of that designation, County shall be obligated to and will release the records.

22.2 Any material submitted by the vendor in response to this request that the vendor considers confidential and proprietary information and which vendor believes qualifies as a trade secret, as provided in section 19.36(5), Wis. Stats., must be identified on a designation of Confidential and Proprietary Information form. Pricing will not be held confidential after award of contract.

If an investigation by the Controller results in a final determination that the matter adversely affects vendor's responsibilities under this Agreement, and which recommends termination, suspension or cancellation of this agreement, the County may take such action.

27.04 VENDOR may appeal any adverse finding by the Controller as set forth in sec. 25.08(20)(c) through (e).
