BID AND SPECIFICATION OVERVIEW

Dane County as represented by the Purchasing Division will accept bids for the purchase of specified item(s) as described within this document.

Specification Compliance: Bidder shall complete every space in the area provided with either a check mark to indicate the item being bid is exactly as specified (**Yes**), or deviates from bid specification (**No**). Any deviation from the minimum specifications stated herein must be identified in detail in the Specifications Deviations section of the bid and must include a description of how the proposed item(s) differ from the bid requirements, along with detailed justification for such deviation. Bidder shall include photos and schematics as necessary, for complete clarification.

The specifications below describe an acceptable product. Minor variations in specification may be accepted if, in the opinion of County staff, they do not adversely affect the quality, maintenance or performance of the item(s). Dane County reserves the right to accept or reject any and all bids, to waive informalities and to choose the bid that best meets the specifications and needs of the County.

Term: The contract shall be effective on the date indicated on the Dane County purchase order or the Dane County contract execution date and shall run for one year from that date.

BID SPECIFICATIONS

Asphaltic Concrete Products

GENERAL

You are invited to submit a bid to supply asphaltic concrete products on an as needed basis to the Dane County Highway and Transportation Department for the 2022 calendar year. Dane County reserves the right to determine at any time for any project to let a bid for that project.

Failure to submit a bid may prevent Dane County Highway and Transportation Department from acquiring your product(s). Thus, if you are interested in doing business with the Dane County Highway and Transportation Department in 2022, we strongly encourage you to submit a bid by the opening date indicated.

All materials supplied under this proposal shall conform to the Standard Specifications for Road and Bridge Construction, 2021 edition (hereinafter referred to as the "Standard Specifications"), and all subsequent revisions and supplementary specifications, of the Wisconsin Division of Highways, Department of Transportation.

COLD MIX SPECIAL

Cold Mix Special is for engineered cold mix with additives to stand up to heavy traffic. Dane County has proven experience with QPR 2000, BST and several other proprietary cold mix products that are preapproved. New products will be field tested and compared to previously approved products by County staff prior to being added to the approved products list. The price per ton listed will be used for purchase of both summer and winter "cold mix special" products.

IRREGULAR DELIVERY TIMES

In special circumstances, the Dane County Highway and Transportation Department may need HMA Pavement between the hours of 7:00 p.m. and 1:00 a.m. In these cases, the Department will notify the vendor one week in advance.

PURCHASE OF ITEM(S)

The Dane County Highway and Transportation Department reserves the right to award this bid on a per-item basis or on total net bid, whichever is deemed most advantageous to Dane County.

Each item will be considered independent of any other item. The Dane County Highway and Transportation Department will attempt to utilize the lowest bid when obtaining product, however the Department reserves the right to obtain product from the most advantageous vendor/location. In making this determination, the Department will consider availability of product and proximity of vendor to project to minimize hauling costs and/or assure that the product quality is not compromised by excessive travel time (i.e. redi mix).

INSURANCE

Bidders shall carry insurance as required in the Standard Terms and Conditions, Section 20. The bidder shall furnish Dane County Highway and Transportation Department **along with the bid** a certificate of insurance showing the type, amount, class of operations covered, effective dates, and expiration dates of policies.

PRICING

Bidders may submit pricing for any one item or combination of items included in this bid. If product price is the same for various locations, only one bid proposal sheet is needed. If product price varies for different locations, please copy the blank form(s) as many times as needed.
