1.10 Proposal Organization and Format

1.11 Proprietary Information

All restrictions on the use of data contained within a proposal and all confidential information must be clearly stated on the Required Form – Attachment B “Designation of Confidential and Proprietary Information”. Proprietary information submitted in a proposal, or in response to the RFP, will be handled in accordance with the applicable Wisconsin State Statute(s).

To the extent permitted by law, it is the intention of Dane County to withhold the contents of the proposal from public view until such times as competitive or bargaining reasons no longer require non-disclosure, in the opinion of Dane County. At that time, all proposals will be available for review in accordance with the Wisconsin Open Records Law.

1.12 Cooperative Purchasing

Participating in cooperative purchasing gives vendors opportunities for additional sales without additional bidding. Municipalities use the service to expedite purchases. A “municipality” is defined as any county, city, village, town, school district, board of school directors, sewer district, drainage district, vocational, technical and adult education district, or any other public body having authority to award public contracts (s. 16.70(8), Wis. Stats.). Federally recognized Indian tribes and bands in this state may participate in cooperative purchasing with the state or any municipality under ss. 66.0301(1) and (2), Wis. Stats.

On the Vendor Information page, you will have the opportunity to participate in allowing other municipalities to piggyback this bid. Participation is not mandatory. A vendor’s decision on participating in this service has no effect on awarding the bid.

Dane County is not a party to these purchases or any dispute arising from these purchases and is not liable for delivery or payment of any of these purchases.

1.13 Vendor Registration Program:

All proposers are strongly encouraged to be a registered vendor with Dane County. Registering allows vendors an opportunity to receive notifications for solicitations issued by the County and provides the County with up-to-date company contact information.

Provide your Dane County Vendor # in the Vendor Information section of the proposal submission packet.

For Non-Registered Vendors:

Complete vendor registration by visiting www.danepurchasing.com. On the top menu bar, click Vendor Registration and then click Create Vendor Account. You will receive an email confirmation once your account is created and again when your vendor

registration is complete. Retain your user name/email address and password for ease of re-registration in future years. Within 2-4 days of completing the registration, a vendor number will be assigned and emailed to you.

For Registered Vendors:

Check to make sure your vendor information including commodity codes is up-to-date by signing into your account at www.danepurchasing.com. On the top menu bar, click Vendor Registration and then click Vendor Log In.

1.14 Local Purchasing Ordinance

Under County ordinances, a Local Vendor is defined as a supplier or provider of equipment, materials, supplies or services that has an established place of business within the County of Dane. An established place of business means a physical office, plant or other facility. A post office box address does not qualify a vendor as a Local Vendor.

County ordinance provides that a local vendor automatically receive five points toward the evaluation score.

Vendors located within the counties adjacent to Dane County (Columbia, Dodge, Green, Iowa, Jefferson, Rock, Sauk) automatically receive two points toward the evaluation score.

1.15 Dane County Sustainability Principles

On October 18, 2012, the Dane County Board of Supervisors adopted Resolution 103, 2012-2013 establishing the following sustainability principles for the county:

- Reduce and eventually eliminate Dane County government's contribution to fossil fuel dependence and to wasteful use of scarce metals and minerals;
- Reduce and eventually eliminate Dane County government's contribution to dependence upon persistent chemicals and wasteful use of synthetic substances;
- Reduce and eventually eliminate Dane County government's contribution to encroachment upon nature and harm to life-sustaining ecosystems (e.g., land, water, wildlife, forest, soil, ecosystems);
- Reduce and eventually eliminate Dane County government's contribution to conditions that undermine people's ability to meet their basic human needs.

1.16 Fair Labor Practice Certification

Dane County Ord. 25.09 (1) is as follows:

(28) BIDDER RESPONSIBILITY. (a) Any bid, application or proposal for any contract with the county, including public works contracts regulated under chapter 40, shall include a certification indicating whether the bidder has been found by the National Labor Relations Board (NLRB) or the Wisconsin Employment Relations Committee (WERC) to have violated any statute or regulation regarding labor standards or relations within the last seven years. The purchasing manager shall investigate any such finding and make a recommendation to the committee, which shall determine whether the conduct resulting in the finding affects the bidder's responsibility to perform the contract.

SECTION 1 – GENERAL INFORMATION

If you indicated that you have been found by the NLRB or WERC to have such a violation, you must include a copy of any relevant information regarding such violation with your proposal, bid or application.

Additional information can be found using the following links: www.nlr.gov and <http://werc.wi.gov>.

2.0 PROPOSAL SELECTION AND AWARD PROCESS

2.1 Preliminary Evaluation

The proposals will first be reviewed to determine if requirements in Section 1 and Section 4 are met. Failure to meet mandatory requirements will result in the proposal being rejected. In the event that all vendors do not meet one or more of the mandatory requirements, the County reserves the right to continue the evaluation of the proposals and to select the proposal which most closely meets the requirements specified in this RFP.

2.2 Proposal Scoring

Accepted proposals will be reviewed by an evaluation team and scored against the stated criteria. This scoring will determine the ranking of vendors based upon their written proposals. If the team determines that it is in the best interest of the County to require oral presentations, the highest-ranking vendors will be invited to make such presentations. Those vendors that participate in the interview process will then be scored, and the final ranking will be made based upon those scores.

2.3 Oral Presentations/Interview

Top ranked selected proposers may be required to make oral interview presentations and/or site visits to supplement their proposals, if requested by the County. The County will make every reasonable attempt to schedule each presentation at a time and location that is agreeable to the proposer. Failure of a proposer to conduct a presentation to the County on the date scheduled may result in rejection of the vendor's proposal.

2.4 Evaluation Criteria

The proposals will be scored using the following criteria:

Proposal Requirements	Percent
Organizational Capabilities (Section 4.3)	30%
Staff Qualifications (Section 4.4)	20%
Understanding of AEC Needs (Section 4.6)	15%
Commitment to AEC (Section 4.7)	15%
Cost	Percent
Cost (Section 5)	20%
Total	100%

2.5 Right to Reject Proposals and Negotiate Contract Terms

The County reserves the right to reject any and all proposals and to negotiate the terms of the contract, including the award amount, with the selected proposer prior to entering into a contract. If contract negotiations cannot be concluded successfully with the

Section 3 – Project Overview and Scope of Services

highest scoring proposer, the County may negotiate a contract with the next highest scoring proposer.

2.6 Award and Final Offers

The award will be granted in one of two ways. The award may be granted to the highest scoring responsive and responsible proposer. Alternatively, the highest scoring proposer or proposers may be requested to submit final and best offers. If final and best offers are requested, they will be evaluated against the stated criteria, scored and ranked. The award will then be granted to the highest scoring proposer.

2.7 Notification of Intent to Award

As a courtesy, the County may send a notification of award memo to responding vendors at the time of the award.

3.2 Overview of Alliant Energy Center

The Alliant Energy Center encompasses over 160 acres of land, a variety of multi-purpose buildings and paved parking for over 5,800 cars. The center provides a variety of activities for the citizens of Dane County and neighboring counties including conventions, consumer shows, amateur sports, concerts, family shows, trade shows, agricultural events, youth hockey events, outdoor festivals, banquets, retail sales and other activity such as World Dairy Expo and the Dane County Fair. Annual attendance at Center activities is approximately 1 million people. In addition, the Center has the rights to use Quann Park, a City of Madison park that is adjacent to Center grounds for Center purposes. The Center operates a full service rental business and an e-business system for ordering.

Buildings include:

- **Veterans Memorial Coliseum-** includes 7,700 permanent seats and a capacity of 10,200
- **Exhibition Hall** – includes four halls and 100,000 sq. ft. of unobstructed exhibition space plus 30,000 sq. ft. of lobby space connected to a 140-room hotel. The Hall opened in 1995.
- **Conference Center** - connected to the Exhibition hall and includes 12 break out rooms with moveable walls, an atrium and an upscale board room.
- **Arena** – Includes 20,400 sq. ft. of space utilized for ice hockey in the winter, a horse ring for horse shows in the summer and flat shows in between. The space also includes eight barns plus a dirt pavilion and toilet shower facility that are converted for horses and cows. Two of the barns may also be used as exhibit buildings.
- **Willow Island** – includes 29 acres of green space used for outdoor events, such as concerts, company picnics and festivals.
- **(2) Multi-function Pavilions** - includes (1) 200,000 sq. ft. and (1) 100,000 sq. ft. pre-engineered metal buildings with abutting conventional construction pre-function space. These buildings were constructed in fall of 2014.

3.3. Scope of the Project

3.2.1 Overview

The Alliant Energy Center has two full-time electricians on staff. From time to time, an event will require additional electricians. The successful vendor shall provide all equipment, materials, and labor to supplement the Center's need for as described herein.

3.2.2 Objectives

To secure supplemental electrician labor for events, on an as needed basis, with licensed electrical contractors..

Some of the events will include outside labor. These events include:

- **World Dairy Expo**, which occurs in late September & early October
- **The Midwest Horse Fair**, which occurs the second or third weekend in April.

Most requests will be scheduled well in advance of the required date.

At times, unexpected circumstances may arise that require services with minimal advanced notice.

All shows open at preset times. It is required that all work be completed prior to the start of a show.

The Center would like to train three to four journeyman electricians from the successful firm. When the Center orders electricians, they should come from this pool. If the Center were to order four or five electricians, three would need to be from the trained pool of Journeymen.

3.3.3 Needs

Small Events – 1-2 Electricians

Mid-Size Events – 2 Electricians

Large Events – 2-3 Electricians

Full Campus Events – up to 4 Electricians

3.3.4 Current Operations

The systems that both the staff and contracted electricians will be working with include the following:

Electrical Systems, Generators, Telephone, Broadband Internet, Sound Systems, Building/Hall/Room Lighting, WiFi, Filing Orders for Events and others. Wiring at the Center include copper, coax, Single mode and multi mode fiber optic.

In the case of emergency or special situations, the Center may also request electrician(s) for repair work.

4.0 PROPOSAL PREPARATION REQUIREMENTS

Proposals should be organized to comply with the section numbers and names as shown below. Each section heading should be separated by tabs or otherwise clearly marked. Hardcopies shall be bound in an 8½" x 11" format, but 11"x17" pages for graphics may be included. The RFP sections which should be submitted/responded to are:

4.1 Required Form – Attachment A – Vendor Information

4.2 Table of Contents

Provide a table of contents that, at a minimum, includes all of the sections as identified below. Listings of sub-sections and graphics/tables also may be included. Section dividers are encouraged.

4.3 Tab 1: Organization Capabilities

Describe the firm's size, experience and capabilities in providing electrical labor to the Alliant Energy Center or facilities of similar size and complexity.

4.4 Tab 2: Staff Qualifications

Provide a summary resume that would apply to electricians provided under this agreement. Reflect licenses, years of experience (use a range from lowest to highest), job experience – especially the experience that would allow a person to excel at the Center. A majority of the work requires direct contact with exhibitors in events, so excellent customer service is a must. The staff will be required to successfully complete jobs prior to the schedule start time of shows. When the Center orders electricians, they must be journeyman electricians and not apprentices. Advanced approval from the AEC is required if apprentices are to be assigned to a job. In some circumstances, the Center may accept 4-5 year apprentices with prior approval.

4.5 Tab 3: Proposer Firm References (3)

Proposers must include in their RFP's a list of three organizations, including points of contact (name, address, and telephone number), which can be used as references for work performed in the area of service required. Selected organizations may be contacted to determine the quality of work performed and personnel assigned to the project. The results of the references will be provided to the evaluation team and used in scoring the written proposals.

4.6 Tab 4: Understanding of AEC Needs

Proposers should restate their understanding of the Needs of the Alliant Energy Center as stated in this proposal.

4.7 Tab 5: Commitment to AEC

Describe your firm's commitment to AEC for orders for electricians placed with your firm 30 days or more in advance, 10 days in advance and the day of need. Describe the firm's ability to respond to dispatch of personnel to the service location when the need is immediate. Describe the truck and equipment that will accompany the electrician on visits to the AEC. The Center prefers to have the same electricians for each orders so less training is involved. Describe how your firm will handle this.

The Alliant Energy Center will provide an electrician for training on AEC systems. The Center estimates that this training will take 50 hours. Please state the number of your

Section 3 – Project Overview and Scope of Services

firm's electricians that would be trained (the Center prefers 3). The training days will be coordinated with the successful firm and do not need to be consecutive days.

4.8 Required Form – Attachment B – Designation of Confidential & Proprietary Information

5.0 COST PROPOSAL

5.1 **General Instructions on Submitting Cost Proposals**

Proposers must submit an original and the required number of copies of the cost proposal as instructed on the **cover page of the RFP** (Special Instructions).

Cost Proposal Form (Attachment C) should be submitted in a separate envelope labeled **Cost Proposal** with the written proposal.

The proposal will be scored using a standard quantitative calculation where the most cost criteria points will be awarded to the proposal with the lowest cost.

5.2 **Format for Submitting Cost Proposals**

See Required Form – Attachment C – Cost Proposal

5.3 **Fixed Price Period**

All prices, costs, and conditions outlined in the proposal shall remain fixed for 180 days.
